## SUDOKU NUMBERS

	5	2		3		1	8	
3			2		4			5
	1		9		7		6	
2								9
	9		4		1		3	
7			5		3			6
	4	8		9		3	7	

Each row, column and 3x3 box must contain the numbers 1 through to 9 just once. This can be done by applying logic - you do not have to guess.

## Hot under the Collar

Imagine wearing a fur coat in hot weather...your dog unfortunately doesn't have a choice. So here are two tips to help them to keep cool.

When it's really sweltering, most dogs need very little encouragement to take a dive in a paddling pool. A small inexpensive children's pool with a moderate amount of water in should do the trick. If however you don't want a soaking wet dog trailing through the house, fill a plant mister with water and spray the dog periodically. Under the collar is particularly effective as that's where the jugular vein is.

We all love an ice-cream on a hot day. Well here's a recipe for a doggy version: Mix a large container of live natural yogurt (with no sugar) with grated carrots, apples (raw or cooked) or lightly cooked ground liver. Ladle into ice-cube trays and freeze. They'll love you for it!
