

Good Food.... Great Service...

On Monday 10 March, local residents Kath and John Lamb of Kilburn (pictured) went along to The Bulls Head at Denby Common to enjoy a meal.

Here's what Kath and John had to say:

"We've always enjoyed eating at The Bulls Head as it's local and there's such a huge choice on the menu. We could eat there every night of the week for a whole month and still enjoy a different meal each time!

We arrived to be shown to our table; the whole restaurant was beautifully decorated with balloons in celebration of their first anniversary since opening after the fire. There was an envelope on each table which contained The Bulls Head's gift to all of its customers – a free portrait session with a local photographic studio - a lovely surprise.

As for the meal – as usual, we weren't disappointed. We each had a different starter – one had Spicy White Crab Cakes served with salad and mayonnaise dip and the other, Melon Refresher – served with raspberry coulis and garnished with fruit. We both enjoyed the boneless fillet of Red Snapper for our main course, which had been delicately poached and finished with a rich white wine and dill sauce. Although our stomachs were protesting by now, how could we refuse desserts?? One had Crunchie Bailey Boo – an ice cream based dessert sprinkled with chopped up Crunchie bars and laced with cream and Baileys – delicious. The other had profiteroles ...yes, all five of them!! A beautiful evening, in a beautiful restaurant - Happy Anniversary to The Bulls Head, we hope to share many more with you."
