

COMPENSATION

IS YOUR AGREEMENT

UNFAIR

If you have credit cards, store cards, hire purchase or secured loans...did you know that one in four credit agreements are unfair. You could be entitled to compensation or the debts written off.

Website of the Month

www.saynoto0870.com

This site lists a large number of well known
companies who are notoriously hard to contact.
Their equivalent geographical numbers are listed
and often Freephone numbers too. Alternatives
are listed for 0800, 0808, 0844, 0845, 0870 and
0871 numbers.

Some companies that use these numbers are
actually receiving a cut of the phone call costs.

Search by the company name to find an
alternative number in the database and a list
of alternative numbers is displayed so you can
choose which department to call direct. If you
know of a way of bypassing the expensive
numbers and the alternative isn't listed, you can
add a new alternative number yourself.
