

KIDS PUZZLE PAGE

Jane wanted a new hat, so visited a local millinery shop trying on each of the different hats in turn before randomly replacing them after she had made her choice. Here are pictures of the display before and after Jane's visit. Which hat did she buy?

MINI SUDOKU

Insert the letters A to D in the boxes. Each row, column and 2x2 box must contain the letters A through D exactly once. You can work this out—you don't have to guess.
