

JGS

LOCAL SPECIALISTS IN DRIVEWAYS OVER 25 YEARS EXPERIENCE

I decided to renew my driveway after having a replacement garage erected. I prefer to deal with local companies to undertake work for me and found JGS advert in this magazine. Having made initial contact by telephone, John visited my home at exactly the time specified to give a site inspection and an initial verbal quotation which was later put in writing. I was reassured enough by John's friendly and professional advice that I decided to go ahead immediately. John and his staff duly arrived on the specified day and time and immediately started work.

They worked extremely hard with attention to detail at every stage of the project. During this time I also decided to have additional land drainage installed and because I was not present all the day, John voluntarily took photographic evidence to 'prove' that the work had been done. I also decided to have a block-paved pathway alongside the garage which John again carried out proving that he has the skill to undertake many additional tasks. I am so pleased with my new driveway, it has enhanced my property's appearance, and I regard this as money well spent. I can honestly say that I would have no hesitation in using JGS again for other work, their honesty, professional advice, efficient and friendly manner reassured me that I had found the right contractor to do the work and would recommend them without reservation.

P.S Cresswell - Kilburn
