

Custom Built Furniture

A family-run company celebrating a successful 25 years serving the local community.

1983-2008

Having recently been recognised as an Investor in People, Orchard Kitchens are a family business that has been serving the local area for the past 25 years.

The founder, Graham Connett, has now retired and his son, Paul and two daughters, Julie and Stephanie now look after the company along with Stephanie's husband Stephen.

The local community has increasingly welcomed the product and service of Orchard Kitchens into their homes. Of course the greatest compliment any company can get is from customers themselves, and Managing Director, Paul Connett is extremely proud of the number of testimonials and referrals received by satisfied customers. Paul comments: "This is a true reflection of the quality and pride that we strive to maintain".

INVESTOR IN PEOPLE

Orchard Kitchens' Future

Orchard Kitchens consistently scour the market for any improvements in raw materials, new styles and improved technology that can aid and enhance their kitchen systems. They boast superb displays in their showroom and are proud to present their brand new display with Parapan doors, which are solid high gloss acrylic available in a wide range of colours, shaped and accessorised to your individual requirements, with handle-less doors and electric opening drawers and even a remote control TV lift that raises the television out of the granite worktop!
