

Featured on TV

Pictured is Orchard Kitchens' Managing Director Paul Connett with Claire Sweeney from popular daytime TV show '60 Minute Makeover'. They have so far contributed to two of the show's makeovers.

Showroom

The large factory showroom with 18 kitchens on display is open six days a week from 9am - 5pm Monday to Friday, late night Thursdays until 7pm and 9 - 4pm on Saturdays. There you will also find the latest Aga Masterchef range that has recently been introduced. You can be sure of the warmest of welcomes.

Orchard Kitchens' custom-built kitchen ranges are hand made in their own workshops and are not the low cost, poor quality flat pack units that are readily available from some suppliers. All units are sold with a six year, insurance-backed guarantee and, with care, an average life span of fifteen to twenty years.
