Those lazy, hazy, crazy days of summer are with us again, hopefully! We have some great films coming to The Ritz. But first let me make you an offer you can't refuse, because for two performances only we have one of the greatest films ever made, The Godfather, Francis Ford Coppola's epic mafia family saga. If you've only seen it on TV or DVD take this chance to see it as the Director intended on our big panavision screen.

Filmed on location in Australia, **Nims Island** is a warm-hearted family comedy set on a magical island ruled by a young girl's imagination – Jodie Foster and Abigail Breslin star. Dennis Quaid stars in erudite comedy **Smart People** along with Sarah Jessica Parker – more about Sarah later.

For people who like to escape into a good old romantic comedy then try **Forgetting Sarah Marshall** – devastated Peter takes an Hawaii vacation in order to deal with his break-up from girlfriend Sarah. Little does he know that Sarah's travelling to the same resort and bringing along her new boyfriend.

Looking forward into July and two blockbusters – firstly the long awaited return (19 years) of Harrison Ford's archaeological adventurer Indiana Jones – a man to make Time Team look positively pedestrian in **Indiana Jones and the Kingdom of the Crystal Skull**. Indy comes to grips with dangerous Russian foe Cate Blanchett – lucky man! Anyone yet to experience an Indiana Jones on the big screen is in for a real treat.

Now one for the girls – the movie version of the hit TV show **Sex and the City**, a sure fire sell out film so book early!
