

Caci Ultra Comes To Ghost Hair & Beauty

I'm sure at some point we have all watched a make over program on TV, and dreamt of how young we could look if only we could afford the surgery. But do you have to resort to the surgeon's knife to regain those youthful looks? Look no further than Ghost Hair & Beauty of Kilburn.

CACI ULTRA is the ultimate treatment system, combining the lifting function of the award winning CACI non-surgical facial toning system with the skin regenerating applications of the world acclaimed Futur-Tec system. The CACI ULTRA can visibly soften lines and wrinkles thereby providing a non invasive alternative to collagen injections and other dermal fillers.

CACI ULTRA is totally painless and really quite relaxing. One treatment will help erase signs of tiredness and give skin a healthy glow, but for maximum results, a course of 10 treatments is recommended, followed by six to eight "maintenance" sessions per year.

Ghost Hair & Beauty have a fantastic offer for the months of August & September – book 10 CACI sessions and receive £45 worth of Dermalogica skincare products with your first treatment. Plus your first treatment will be two hours for the price of one! To book a consultation with Beauty Therapist, Karen, call 01332 880609.
